Ever since the establishment of a Veterinary Hospital in Mangalore about five years ago the District Board was maintaining it at an average cost of Rs 1,740 per annum towards which the Municipal Council of Mangalore has been paying an annual contribution of Rs 180. Since the beginning of the current official year the management of the hospital has been transferred to the Taluk Board of Mangalore, as under the Local Boards Act, 1920, the maintenance of veterinary Hospitals is a charge on Taluk Boards. The Mangalore Taluk Board, however, finds it difficult in its present-

From the enclosed copy of the Taluk Board President's letter it will be seen that the Council is not inclined to increase the contribution --- though as remarked by that officer the Municipality gets the --- lion's share of the benefits of the hospital as the subjoined --- figures would clearly show.

To

The President,

District Board, South Kanara.

Sir,

Agreeably to your kind suggestion in your letter Dis-- No.279 D/D.B.21 dated the 19th March last, the Chairman of-- the Mangalore Municipality which gets the lion's share of the benefits of the local veterinary hospital was addressed to make an adequate contribution towards its maintenance in the place of the paltry sum of Rs 180 a year that the Municipality was doling out. He excused himself by saying that his budget had been already passed providing for payment of Rs 180 and that he had no funds for payment of any extra con -tribution. His attention was invited to the large funds-- that were to be set free since the preparation of the budget by reason of the relief given by Government on account of -- the contribution towards the maintenance of the headquarters hospital here, and he was requested to move his council to make a substantial contribution, but I regret that he is not in a mood to yield. It is under these circumstances that I approach you. It is hardly necessary to enunciate the prin -ciple that he who reaps the benefits of an institution has to bear the burden incidental to its maintenance. Having re gard to the fact that the maintenance of the veterinary -- hospital costs Rs ~~2280~~ a year, payment of the pittance of -- Rs 180 a year can scarcely be said to be the fulfilment of the duty of maintaining it. I would invite your attention to -- Section 123 (2) of the Municipal Act and the opinion of the Advocate General embodied in G.O No.No 1154 L and M dated-- 20th June 21 which show clearly that the Municipality can be compelled to do its duty. In my humble opinion, the pre-

The Council may revise its Budget without altering its wor ving balance or altering the sanction of Govt. - Section 121 of the Act

sent is a proper case in which the Government can be moved
(1) to direct the Municipality to do its duty substantially and
not merely flimsily and nominally and I would request you
to consider favourably this aspect of the case.

If however you do not feel persuaded to take up the above course, I would request you to consider whether the -- veterinary hospital here is not properly speaking a central public health establishment to serve the needs of all Taluk Boards in the district and was not accordingly more properly being maintained by the District Board with its funds aided-- to a paltry extent with a trifling contribution from the Muni -cipality . Having regard to this fact and the further fact that the funds which the District Board provided for in its -- budget for its maintenance have been set free as also the -- funds which were being contributed for the maintenance of the headquarters hospital, the Taluk Board on which the charge of
(2) maintaining the veterinary hospital has been suddenly thrown without any provision being made for it, solicits the District Board for substantial help to meet the new charge with the Hope that its prayer will be favourably considered and complied --- with.

The resolution of my Taluk Board in the matter is submitted.

I have etc.,

President.

C.No. 24178 - From the P.D.B. South Kanara No 2106/DB/24 dy 11th Nov 24

[ Contribution - Maintenance of the Vety. hospital Mangalore ]

Please see the letter from the P.D.B. S. Kanara on f 1 c.f. The Mangalore Tk bd to whom the maintenance of the Vety. Hospital was transferred during the current year, is unable to meet the maintenance charges from its funds with the usual Contribution of Rs. 180 from the municipality and therefore requests that either the municipal Council be moved to make an adequate contribution or the Dt bd should make a Contribution from its funds ~~under section 131(1) of the L.B. Act~~. The Dt bd however is in favour of the first alternative - vide resolu on f 4 c.f.

5-b c.f.

2. The hospital is situated within the municipal limits and is largely used by the municipal public (see statement of the animals treated on f 2 c.f.) and it is but fair that the charges shd be met (by the Local Bodies Concerned) either on the basis of the no. of animals treated from the respective areas (to which the muni Council is not likely to agree now) or atleast equally by the muni Council & the Tk bd.

x The hospital shd have been transferred to the muni Commit which can maintain Vety work under clause f of rule 40 Schedule V of Dt Muni Act, 1926

3. The P.D.B. requests that the municipal Council shd be advised to reconsider its resolu but from and from B on page 7 C.F. the letter of the P.T.B. Mangalore (see f 5 c.f.) it is apparent that the matter has not been placed before the Council. S is therefore for Consideration whether the chairman of the Council may be asked to place

No. 246 PH. dated 10—2— 1922

The Govt consider it unnecessary to ask the Mangalore municipal Council to raise its Contribution towards the maintenance of the Lety hospital in Mangalore now since the hospital will soon be taken over by the Govt before the the muncl Council and the Dt bd can come to an agreement in the matter. The Dt bd is requested to help the Dt bd by making a Contribution from to the T.B. its funds towards the maintenance of the hospital during the current year.
